

You are entering a Grand Site de France !

Welcome to a certified and protected site, which is very much appreciated for the beauty of its scenery. Let's share this open and welcoming territory. Live this unique experience.

The certification

The certification **Grand Site de France** ensures sustainable and respectful management, good preservation of scenery and spirit of the place, a good quality welcome for visitors, and active contribution from inhabitants and partners to the life of the Grand Site.

Natura 2000

The Natura 2000 network relates to natural sites within the European Community, benefiting from a high heritage value because of the exceptional qualities of their fauna and flora.
